**Revised**

**Issue: August 27, 2015**  
**Gusset Fasteners at SED Repair Instructions and Repair Time**

Dear Blue Bird Owner:

This important safety recall notice applies to your bus(es) identified by both Blue Bird Body Number and Vehicle Identification Number (VIN) on the enclosed yellow cover sheet.

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Blue Bird Body Company has decided that certain 2013 through 2016 model year All American and Vision model school buses manufactured from June 9, 2012 through September 30, 2014 fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 210, "Seat Belt Assembly Anchorages" at the seat gusset reinforcement to the side wall attachment.

On the subject buses, incorrect fasteners may have been installed to secure the seat gusset reinforcement to the side wall resulting in a non-compliance with FMVSS 210. If the seat is improperly anchored, there is an increased risk of occupant injury in the event of a crash.

**Certain buses with this non-compliance equipped with side emergency door (SED) must be corrected immediately according to the enclosed revised instructions (pages 4 and 5) for Recall R15YC. Instructions revised to include repair procedure for C E White Quasi-Static seat installed immediate forward of right-hand and left-hand side emergency door (SED).**

Your Blue Bird bus(es) affected by this recall are identified by both Blue Bird Body Number(s) and Vehicle Identification Number(s) (VIN) on the enclosed yellow and pink reply sheets. If you no longer own the subject bus(es), please complete the appropriate section of the yellow reply sheet and return to Blue Bird in the enclosed pink postage prepaid envelope.
